Intro

I'm a professional designer with experience in communication and advertising. I have adapted and integrated into teams with multiple projects, bringing skills in design, video, text, content creation, and advertising. My background combines exactness from architecture with creative arts perspective.

Skills

- **AI & Emerging Tech:** ComfyUI for AI workflows & Unity for Game Art.
- **Design & Prototyping:** Adobe Suite, creating solutions and developing digital-to-physical prototypes.
- **3D & Visualization:** 3D modeling and animation using Blender. Lighting and photography.
- **Traditional Arts:** Experience in printmaking, painting, ceramics, and analog drawing.
- **Communication:** Copywriting and content creation.

Language

- Portuguese • Native
- English • Self taught • C1

Professional Experience

Manager

Present - 2021

Geodome • Lisbon

In my current role, I manage and develop multimedia for advertising, which involves creating text, social media videos, and web design. I am also responsible for customer service and project management, having experience in scheduling for multiple simultaneous projects.

Senior Designer

2019-2021

9 Imagem • Almada

Focused on design and visual development to create personalized solutions for multiple clients. My work covered the entire process, from the first interaction with the client to prototyping and final graphic production.

Senior Designer

2018 - 2019

Sic • Minas Gerais

During my time at Sic, I developed design assets for real estate developments, publications, advertising campaigns, and UX/UI projects. I was responsible for image and text creation, key art, and prototyping, while also managing relationships with corporate clients.

Video & Motion Designer

2015- 2018

Loop Advertising • Minas Gerais

I produced designs for advertising in the automotive, education, and healthcare sectors, alongside packaging design and UX/UI for mobile applications. My experience included campaign development, product photography, and print management, and I worked effectively within a large, diverse team.

Education

Architecture and Urbanism

2003 - 2005

Santa Cecília University • Santos • SP

Multidisciplinary education to develop solutions for urban and mobility problems. Specialization in project design and planning spaces with a focus on sustainability, environmental impact and future.

Art

2015 - 2017

Federal University of Uberlândia • UFU • MG

Focus on social and ethical engagement of arts and culture. Research and projects in printmaking, photo, video, painting, ceramics and digital media.
